

How to learn front-end

LECTURE
SUMMARY

PRE-PROGRAMMING

Covered in this lecture:

Where to start

- ▶ Start with HTML because it's the easiest
- w3schools.com, Youtube tutorials
- ▶ Then move on to CSS
- Use online courses
- Download websites and try to edit and change the CSS
- ▶ Get an introduction to JavaScript
- Codecademy, Tutsplus, Lynda, Treehouse, OneMonth, Bento
- Learn JQuery
- ▶ Start looking at front-end development bootcamps (mostly online)

See you next lecture!
